CLASS HISTORY

WASHINGTON OR BUST

The future of the United States and the world depends upon todays generation. From the class of '65 will come the businessmen, professionals and laymen who will shape the destiny of the world. The world today is very complicated and desparately needs strong leaders and intelligent followers. The class of '65 has the potential for all of this and much more. How did all of it start?

Our freshman year was spent adjusting to high school and starting to develope into mature intelligent people. We were organized under the supervision of Mr. Hoag. The honor of first high school class president went to George "Butch" Minneman. We remember a dance called "Swing Along with Mr. Hoag." Because of the great organization and publicity we made somewhere in the vacinity of $5. (Give or take a few dollars . . . more like take a few.) On our annual spring trip we went to N.Y.C. to the Museum of Natural History, St. Patrick's trip we went to N.Y.C. to the Museum of Natural History, St. Pactrick's Cathedral and The Metropolitan Museum of Art. Our class started out very well scholastically, with many people receiving N.E.D.T. Certificates.

After a summer of rest and relaxation we came back to good ol' C.H.S. We had a good start this year with Mr. Tomcho as our "Guiding Light" and Eugene Grillo as class president. The class remembers a dance, "Tomcho's Tornado." With a year of schooling behind us and having grown and matured as people we lost $5. on the dance. We also remember our spring trip to N.Y.C. and the Hayden Planiterium, NBC tour and China Town. We kept progressing scholastically with more winners of the N.E.D.T. certificates. Our grades still showed we were a class that would succeed.

On our next return to school, when leaves were turning colors and falling to the earth, we had risen higher and higher. This year we became "upperclassmen." This year the honor of class president went to Butch Minneman once again. The boys outnumbered the girls and all the class officers were boys (male superiority)! Our class supervisor was Mr. O'Brian. This year, we remember a dance with another original name, "O'Bee's Fling." It truly was O'Bee's Fling, with Mr. O'Brian as the life of the dance. We remember a spaghetti dinner topped off with a water fight and one of the chaperones getting hit with a wet sponge. The big event of the year was the Junior Prom "World of Enchantment." The decorations were beautiful and the gym was transformed into a fascinating world of enchantment. The king of the world was George Minneman and the honor of queen was shared by Hope Machnicki and Elaine Green. The finale of the year was our trip to the New York World's Fair. It was a very interesting and educational trip. The walking was a little tiring but except for that almost everybody enjoyed the experience.

We finally have become seniors. Four years of hard work and the aquirement of knowledge have transformed us into mature (?) people, well anyway older people! Our class advisor has been Mr. Dillenbeck and our president was Hope Machnicki. This year has been a year of hustle by our class to make enough money to go to Washington, D.C. during Easter vacation. Our fun raising projects this year were many. First was "The Dillenbeck" a dance that our class put on early in the year. This time we did make money! ($180.00 to be exact). I quess we have learned something. Next we sold boxes of candy (with a little help (pressure) by Mr. Dillenbeck). The senior play, "Utopia Inc.," was made successful ($250) by the fine directing of Mr. Hoag. The leading male role was St. Elmer portrayed by Eugene Grillo and the leading female role was Gloria Smith portrayed by Diane Garvilla. We all remember the friendly football games and tobaggoning parties held after rehearsals. This year's yearbook was successful because of the help given us by our advisor, Mrs. Re. In athletics, Butch Minneman and Bruce Cathy distinguished our class by making the All-County Soccer Team. On the basketball court our class was represented by Bill Jankowiak and Butch Minneman.

Our four years of high school are over now. Many of us will be going to college, others to business school, others to the armed forces, and others to work. But, whatever we do and whatever we become we will never forget our memories, whether good or bad, of our life as students at C.H.S.

THANK-YOU

Sincere appreciation goes to Mr. Peterson, our principal, to the faculty members for their encouragement and support, and to all our loyal patrons and advertisers -- to each and everyone the '65 Hambletonian Staff is very grateful. Our thanks are also extended to Mr. Arnold for his technical advice and to the ORANGE COUNTY POST and to the EVENING NEWS for their photography. Special thanks go to Mrs. Re for her assistance and patience, patience, patience, patience.
